Dear Sir, thank you for your letter of the first of May.

We have looked at the house on the hill and we would like

to make an offer. The price is fair and the land is good,

but the old water pump in the yard will need some work.

Please tell us if the owner will take the offer, and when

we could come to see the house again with our builder.

We hope to move in before the end of the year.

Yours truly, John Smith
